IMPORTANT NOTICE REGARDING YOUR FARMERS LONG DISTANCE SERVICE

We are contacting you about an upcoming change to your long distance service. Your current long distance service provider is Farmers Long Distance. Your long distance service is billed through your local service provider, Farmers Telephone Cooperative, Inc. (FTC). These companies are affiliated, and they have recently determined that it would be more efficient and beneficial to customers for the local and long distance service to be provided through a single provider, in this case FTC.

As a result, Farmers Long Distance will transfer your long distance service to FTC. The transfer of your long distance service will be effective January 15, 2008. These changes are subject to obtaining all required regulatory approvals, and the filing of all appropriate documents with state agencies.

Please be assured that this transition will have no impact on your services whatsoever. You will continue to receive uninterrupted service at the same high level of quality you have come to expect. You will also retain your current plan, rates, features, terms and conditions of service, and your current customer service contacts. You will not incur any charges related to the transfer of service to FTC and no action regarding this transfer is required from you.

All customers have a choice in carriers for their long distance service. If you choose a different carrier for your long distance service, you should complete the change prior to January 1, 2008 to insure a seamless transfer. You may incur a small service charge should you elect to change your preferred long distance provider.

Under Federal Communications Commission rules, any restrictions or "freezes" you may have placed on your account to block changes to your preferred long distance carrier will be removed as part of the transfer process. If you have any questions about the transfer or need any assistance, please contact Customer Service at 1-888-218-5050.

We thank you for your support of FTC and look forward to providing you with reliable, innovative products and services for years to come.
